

LADY-OH
NEIL DIAMOND

Lady-oh, Lady-oh,
I walked the streets again last night
I saw you in the city light
Like a vision,
Lady-oh

Lady I, Lady I,
I've been waitin' around
Such a long, long time
Believin' I could make you mine
Just wanting you
Lady-oh

But here I am and there you are
Much too far to even hear me
Hurts a lot,
You know it does, it hurts a lot
Oh, Lady-oh,
Am I gonna ever learn
What I never learned, before

City lights, city lights
Burn so warm and they burn so bright
But me, I walk the city night
To forget you,
Lady-oh

(Saxophone solo)

But here I am and there you are,
Much too far to even hear me
Hurts a lot, you know it does, it hurts a lot
Hey, Lady-oh,
Am I gonna ever learn
What I never learned before
