

GLORY ROAD
NEIL DIAMOND

Wearin' my high boots,
Got all my worldlies here in a sack
Looking for something,
Knowing that it ain't here where I'm at
Ain't turning back
I'm comin',
Ride by thumbin',
Get by bummin'
And I'm on my way

Friend, have you seen glory road
Say, friend, I got a heavy load,
And I know glory road's waiting for me

Caught me a pick-up
Down from Seattle through to L.A.
Seems like those folks
Go chasin' a new star every day
I'm gonna wait in Nevada
Through Wyomin'
Colorado, I'm on my way

Friend, have you seen glory road
Say, friend, I got a heavy load,
And I know glory road's waiting for me

Met so many others
They wanted to know which way to go
Louisiana, New York City
They wanted the answer
And they'd ask of me
Friend, have you seen glory road?
Say, friend, I got a heavy load
And I know glory road's waiting for me

Rest my load,
Now I know glory road won't set me free
